

Palette Knife Spatulas Stainless Steel, BÜRKLE

Similar to a pallet or dispensing chemist's spatula, this palette knife spatula is suitable for applying or distributing viscous media such as pastes and creams, or for spreading them smoothly. The high-quality stainless steel spatula is manufactured entirely from one piece, with no edges or crevices. That makes cleaning easier and prevents product residue and cleaning agents from accumulating.

- Stainless steel (1.4301)
- Manufactured from a single piece
- Very sturdy
